Section 3.2

Commissioner Hochschild received an invitation to participate in the seventh edition of the World Forum on Energy Regulation as a special guest and speaker from the Chair of Mexico's Energy Regulatory Commission (CRE), who is also the Chairman of the Forum. The Commissioner will be speaking during a session on the implementation of decarbonization policies. Over the last couple of years Commissioner Hochschild has built a strong working relationship between the California Energy Commission and CRE, and his attendance at the Forum will allow him to continue that engagement while also providing California's climate and energy policies and goals to a broader, global audience. Since Governor Edmund G. Brown Jr signed an Energy MOU between California and Mexico, with Mexico's Secretary of Energy in July 2014, the California Energy Commission has worked tirelessly to achieve the goals defined under the areas of cooperation. This trip will help us further the dialogue and technical exchange opportunities defined within that MOU.
